

MICROCAT[®]-GEL

Liquid Drain, Trap and Septic Tank Cleaner
USDA approved for safe use in septic tanks

Description

MICROCAT-GEL is a liquid blend of natural bacteria, enzymes and surfactants for use in maintaining, cleaning and deodorizing. It is formulated for ease of cleaning and removal of fats, oils, greases, starches, proteins, etc. which accumulate in toilets, drains, traps, plumbing systems and septic tanks and to suppress the odors that result from such accumulations.

Applications

Toilets, drains, traps and associated plumbing and treatment systems in restaurants, commercial buildings and institutions require regular maintenance to avoid blockages, odors and costly physical cleanout. **MICROCAT-GEL**, when used on a regular basis, can keep your plumbing and treatment system clear, odor-free and free-flowing. **MICROCAT-GEL** is available in an easy-to-use 2.5 gallon (9.46 L) or 5 gallon (18.93 L) plastic container. It can be manually dosed or pumped into the plumbing system using low-cost, programmable pumps. **MICROCAT-GEL's** unique combination of ingredients cleans and

deodorizes naturally without harsh chemical side effects; and, it is always safe-to-use.

Product Characteristics

| | |
|------------|--|
| Appearance | Greenish blue, opaque suspension |
| Contents | Natural bacteria, surfactants, preservatives |
| Shelf life | One and a half years when stored properly |
| Packaging | 2.5 Gal (21 Lb/9.53 Kg) 5 Gal (42 Lb/19.06 Kg) plastic pails |

Application Programs

MICROCAT-GEL is dosed or metered as needed into the toilet, drain, trap, plumbing or sewer line. **MICROCAT-GEL** should be added at night or when water usage is minimal. For restaurant, institutional and commercial drains receiving large amounts of grease, add about ten ounces (about 300 ml) nightly. This equates to about 2.5 gallon (9.53 L) monthly. For residential or lighter use drains, add seven ounces weekly. Contact your Monera Technologies Corporation Representative about metering systems.

Optimal Application Conditions

For best results, apply this product under the following conditions:

| CONDITION | RANGE | OPTIMUM |
|------------------|---------|---------|
| pH | 6 - 9 | 7 |
| Temperature, ° C | 10 - 40 | 35 |

If your system is operating outside these ranges, contact your Monera Technologies Corporation Technical Representative for a complete system survey and recommendations.

Storage and Handling

| | |
|----------|---|
| Storage | 45° - 105° F (7° - 40° C) Dry conditions; DO NOT FREEZE. |
| Handling | CAUTION Avoid inhalation of dry powder or liquid mist. Avoid exposing skin to dry powder or strong solution as irritation may result. If material contacts skin or eyes, flush thoroughly and repeatedly with water. |
