

## Safety Data Sheet

---

### 1. IDENTIFICATION OF THE MIXTURE AND SUPPLIER

**GHS Product Identifier:**  
**Recommended use and restrictions:**

**MICROCAT®- 24**

Liquid preparation containing nutrients for enhancing growth of naturally occurring bacterial cultures used to digest waste and reduce obnoxious odors.

**Supplier Details:**

Monera Technologies Corporation  
 2201 Hangar Place, Suite 200  
 Allentown, PA 18109  
 Phone: (800) 627-3069  
 (484) 245-5232  
 www.moneratec.com

---

### 2. HAZARDS IDENTIFICATION

<b>GHS Classification</b>	Acute hazard Oral: CATEGORY 4, Acute hazard Dermal: CATEGORY 4, Eye Irritation: CATEGORY 2B
<b>GHS Label Elements</b>	
<b>Signal Word:</b>	WARNING
<b>Symbols:</b>	(none)
<b>Hazard Statements:</b>	Reversible adverse effects in dermal tissue. Reversible adverse effects on cornea, iris, conjunctiva.
<b>Precautionary Statements</b>	May be harmful if Swallowed. Causes mild skin irritation. Causes eye irritation. May cause respiratory irritation if inhaled.
<b>Prevention:</b>	Avoid contact with eyes and skin.
<b>Response:</b>	If in eyes: flush eyes with water for several minutes. Remove contact lenses if present and easy to do so. Continue rinsing. Call a physician if symptoms persist. If on skin, clothing or hair: wash contaminated clothing and rinse area with water. If swallowed: Call a physician if exposed and feeling unwell.

---

### 3. COMPOSITION/INFORMATION ON INGREDIENTS

Product contains no hazardous ingredients at reportable concentrations, nitrifying microbial mixture

---

### 4. FIRST AID MEASURES

<b>Eye Contact:</b>	If this product enters the eyes, flush eyes with water for 15 minutes. If symptoms occur, consult a physician
<b>Skin Contact:</b>	If the product contacts the skin, rinse skin with soap and water. Consult a physician if symptoms persist.
<b>Inhalation:</b>	Remove victim to fresh air and keep at rest in a position comfortable for breathing.
<b>Ingestion:</b>	If swallowed, do not induce vomiting. Seek Medical attention.

## **5. FIRE FIGHTING MEASURES**

### **FIRE & EXPLOSION PREVENTIVE MEASURES**

Isolate from alkalis, oxidizers, extreme heat, and open flame.

### **EXTINGUISHING MEDIA**

In case of fire, use appropriate extinguishing agent for surrounding fires: carbon dioxide, dry chemical powder, alcohol resistant foam or water spray.

### **SPECIAL FIRE FIGHTING PROCEDURES**

Wear self-contained respirator and fully protective impervious suit.

### **UNUSUAL EXPLOSION AND FIRE PROCEDURES**

May emit hazardous fumes under fire conditions.

---

## **6. ACCIDENTAL RELEASE MEASURES**

### **SPILL AND LEAK RESPONSE AND ENVIRONMENTAL PRECAUTIONS:**

Uncontrolled releases should be responded to by trained personnel using pre-planned procedures. Proper protective equipment should be used. In case of a spill, clear the affected area, protect people, and respond with trained personnel.

### **PERSONAL PROTECTIVE EQUIPMENT**

Wear a self-contained breathing apparatus, rubber boots and gloves, and disposable coveralls. Dispose of coveralls after use. Keep unprotected persons away.

### **ENVIRONMENTAL PRECAUTIONS:**

Keep spills out of sewers and bodies of water. Dike and contain the spill with inert material. Absorb on sand, vermiculite or diatomite. Transfer material to a container for disposal or recovery. Ventilate area and wash spill site after material pickup is complete.

### **CONTAINMENT AND CLEAN-UP MEASURES:**

Absorb spilled liquid with polypads or other suitable absorbent materials. If necessary, neutralize using suitable buffering material, (acid with soda ash or base with phosphoric acid), and test area with litmus paper to confirm neutralization. Clean up with non-combustible absorbent (such as: sand, soil, and so on). Shovel up and place all spill residue in suitable containers. dispose of at an appropriate waste disposal facility according to current applicable laws and regulations and product characteristics at time of disposal (see Section 13 - Disposal Considerations).

---

## **7. HANDLING AND STORAGE**

### **HANDLING:**

Avoid breathing dust, vapor, mist or gas. Avoid contact with skin and eyes. Avoid prolonged or repeated exposure. Open and handle container with care. Keep ignition sources away.

### **STORAGE**

Store in a tightly closed container in a dry, well-ventilated place.

### **STORAGE TEMPERATURE:**

15 – 30°C

---

## **8. EXPOSURE CONTROLS/PERSONAL PROTECTION**

**PERSONAL PROTECTIVE EQUIPMENT:**

The user, as part of a formal exposure risk assessment, should decide upon the provision of personal protective equipment and the need to provide engineering control measures. Based upon the available toxicological information the protective measures described below should be regarded as a minimum.

**RESPIRATORY PROTECTION:**

Use a NIOSH approved respirator when exposure limits are exceeded or if irritation or other symptoms are experienced.

**EYE PROTECTION:**

Wear goggles or safety glasses when using this product. Make sure that there is an eyewash facility in your vicinity.

**SKIN PROTECTION:**

Wear impervious gloves and protective clothing.

**WORK & HYGIENIC PRACTICES:**

Provide readily accessible eye wash stations & safety showers. Wash at end of each shift & before eating, smoking or using the toilet. Launder clothes that have become contaminated.

**9. PHYSICAL AND CHEMICAL PROPERTIES**

<b>Appearance (physical state, color, etc.):</b>	Slightly turbid, Slightly grey liquid
<b>Odor:</b>	Faint bland odor
<b>Odor threshold:</b>	Not Available
<b>pH:</b>	6.5 – 8.5
<b>Melting point/freezing point:</b>	Not Determined
<b>Initial boiling point and boiling range:</b>	Not Determined
<b>Flash point:</b>	Not Determined
<b>Evaporation rate:</b>	Not Determined
<b>Flammability (solid, gas):</b>	Not Applicable
<b>Upper/lower flammability or explosive limits:</b>	Not Determined
<b>Vapor pressure:</b>	Equivalent to water
<b>Vapor density:</b>	Not Applicable
<b>Relative density:</b>	1.015
<b>Solubility(ies):</b>	Dispersible in water
<b>Partition coefficient: n-octanol/water:</b>	Not Determined
<b>Autoignition temperature:</b>	Not Determined
<b>Decomposition temperature:</b>	Not Determined

**10. STABILITY AND REACTIVITY**

**STABILITY**

Stable under normal temperatures and pressures.

**CONDITIONS TO AVOID**

Isolate from extreme heat and open flame.

**MATERIALS TO AVOID**

Strong oxidizing agents, acids and bases.

**HAZARDOUS DECOMPOSITION PRODUCTS**

Carbon Oxides, Sodium Oxides, Sulfur Oxides from heating.

**HAZARDOUS POLYMERIZATION**

Will not occur.

---

**11. TOXICOLOGICAL INFORMATION**

**ACUTE HAZARDS**

**EYE & SKIN CONTACT:**

May cause eye irritation and mild skin irritation.

**INHALATION:**

May cause irritation.

**SWALLOWING:**

May be harmful if swallowed.

**SUBCHRONIC HAZARDS/CONDITIONS AGGRAVATED**

**CONDITIONS AGGRAVATED:**

None Known.

**CHRONIC HAZARDS**

**CANCER, REPRODUCTIVE & OTHER CHRONIC HAZARDS:**

Not available.

**MAMMALIAN TOXICITY INFORMATION**

Not available.

---

**12. ECOLOGICAL INFORMATION**

Toxicity:	Not Available
Persistence and degradability:	Not Available
Bioaccumulative potential:	Not Available
Bioconcentration factor (BCF):	Not Available
Mobility in soil:	Not Available
PBT and vPvB assessment:	Not Available
Other adverse effects:	Not Available

---

**13. DISPOSAL CONSIDERATIONS**

Contact a licensed professional waste disposal service. Dispose in a manner consistent with federal, state and local environmental regulations.

---

**14. TRANSPORT INFORMATION**

DOT: Not Regulated  
IATA: Not Regulated

IMDG: Not Regulated

---

## 15. REGULATORY INFORMATION

This SDS was prepared using USA OSHA Hazard Communication Standard (2015).

### United States:

California Prop 65: This product does not contain chemicals known to the state of CA to cause cancer and/or birth defects.  
Toxic Substance Control Act (TSCA): All components listed or exempt.  
Superfund Amendments and Reauthorization Act (SARA 302): All components listed or exempt.  
Superfund Amendments and Reauthorization Act (SARA 311/312): All components listed or exempt.  
Superfund Amendments and Reauthorization Act (SARA 313): All components listed or exempt.

### Australia:

Australian Inventory of Chemical Substances (AICS): All components listed or exempt.

### Canada:

Canadian Domestic Substances List (DSL): Some components not listed.

### China:

Inventory of Existing Chemical Substances Produced or Imported in China (IECSC): All components listed or exempt.

### European Union:

Not Banned

### Taiwan:

Taiwan Chemical Substance Inventory (TCSI): All components listed or exempt.

### New Zealand:

New Zealand Inventory of Chemicals (NZIoC): All components listed or exempt.

---

## 16. OTHER INFORMATION

### HAZARD RATINGS:

**HEALTH (NFPA): 1, HEALTH (HMIS): 1, FLAMMABILITY: 0, PHYSICAL HAZARD: 0**

(Personal Protection Rating to be supplied by user based on use conditions.) This information is intended solely for the use of individuals trained in the NFPA & HMIS hazard rating systems.

### EMPLOYEE TRAINING

See Section 2 for Risk & Safety Statements. Employees should be made aware of all hazards of this material (as stated in this SDS) before handling it.

**Date Prepared: 02/24/2020 JA**
